11:20 – Games & Sharing

11:30 – Snack

11:45 – Pick up at East Door

WE LOOK FORWARD TO
WELCOMING YOUR FAMILY
BACK IN A SAFE & JOYFUL WAY!

COVID PROTOCOL FOR FALL 2020

Our Plan Moving Forward

Starting September 27th, Valleyview Kids will start 'In Person Sunday School' every other week. The focus for that week will be to have families with young children attend the service, so the whole congregation will be given the opportunity to attend church every other week. This will be announced each Sunday leading up to the date so the week prior, parents will register their child/children to attend. We will have a maximum of 10 students within the ages of 5-11. At this time, we will not be offering services for children under the age of 5, due to the obvious issues with social distancing at that age. Alternating weeks, when there is no 'In Person Sunday School', parents will be encouraged to tune into an online video for their child/children. Please check the church website to stay up to date.

Important Information

Please discuss the relevant information below with your child prior to class so they are prepared for the changes in our room.

- Once registered, parents will receive an email with instructions for their child to use the bathroom before class, a reminder that if the child is experiencing any symptoms they will not be allowed to attend, and other information needed.
- At check in, a Valleyview Kids volunteer will ask safety questions to each child upon entry. Children will be directed into classroom to their own work station where an activity will be provided.
- Once all children have arrived, we will discuss classroom expectations to make sure everyone is comfortable and healthy (frequent handwashing, social distancing, etc.).
- For the time being, we will have two teachers and two helpers in the classroom to allow for 2 "adults" in the room at all times when a child needs to use the bathroom. This has always been recommended protocol so we should follow it now as well.
- A snack will be provided for children, prepackaged (peanut free) snack and juice box. Hand washing often and the use of hand sanitizer in the classroom will be enforced. Children with severe allergies will be encouraged to bring their own.
- **The children's wing will be entirely separate from the congregation. No access will be allowed between sanctuary and children's wing. Parents must use designated exit from sanctuary to outside to pick up children from East door. Signs will be posted.**

Please email Carissa if you have any concerns or questions!
Your feedback is appreciated.
